Applications are invited for Graduate Study at the Division of Chemistry & Biological Chemistry (CBC), NTU

**Eligibility:** Good BSc (Hons) degree (1st Class or 2nd Upper) from a local university

**Scholarship:** $2500 - 3000 per month for local graduates, 80 scholarships available for August 2011 intake.

**Quick Facts:**
- NTU is ranked 8th in the world among science and technology universities (without medicine, dentistry, law, etc.)*
- We currently have 42 faculty members, 197 PhD students, 85 post-docs and research staff...and we are one of the fastest growing chemistry departments in the world!!
- We have the largest state-of-the-art chemistry teaching and research facility in Singapore and one of the best in Asia-Pacific.
- Home to International faculty including 3 world-renowned Nanyang Professors and the largest number of NRF Research Fellows in Singapore.
- One of the most research-active chemistry departments (in terms of high impact publications) in Asia-Oceania
- Our central instrumentation lab is the most modern research support facility in any tertiary institution in Singapore.
- Opportunity to interact with and choose your supervisor (fields of research ranging from Organic & Inorganic Synthesis, Nanomaterials, Analytical Chemistry, Biological Chemistry, and Physical & Theoretical Chemistry).
