Log Book Prize: $250 cash

(The number of medals and prizes awarded is at the discretion of the judges and organisers.)

Science-X Workshops and Clinics

The ASXC is more than just a competition. It is a learning journey. We have dedicated workshops open to the public, as well as Scientific Clinics and Exhibit Design Clinics specially designed for our participants.

Learn about the essence of exhibit design and be captivated by guided scientific demonstrations that you have never seen before, interact with industry experts and find out how to give your exhibit THE X-factor!

Registered teams will be required to attend a minimum of one workshop session. Teams may also sign up for either the Scientific Clinics or Exhibit Design Clinics or both to meet with experts from those fields.

How to participate?

Want to get exclusive updates that may help you ace this competition? Then join us at www.facebook.com/the.asxc!

Important dates to remember

- Early Bird Registration: 12 April 2013 ($35 registration fee per team)
