The best part of learning is that it gives you the opportunity to see beauty in new unexpected places.

Asst Prof Ariel Neufeld, MAS

To the Graduating Class of 2022,

Messages from the Faculty

Dear Class of 2021, Congratulations on your graduation. It has been my pleasure taking part in your journey through NTU, through teaching, advising, or simply knowing you. As you enter the next phase of your life, dream my young friends, dream big and have faith in your abilities as you work towards realising them. Just as you have successfully overcome the unforeseen disruption to your studies brought on by the pandemic, you will surmount all challenges in life. Our best wishes will always be with you.

Assoc Prof Pinaki Sengupta, PAP

Dear all,

Congratulations!!!

YOU’VE DONE IT.... it’s the end ....it’s the beginning.

It has been such a joy and privilege to be a small part of your life and your education, to see you growing and getting better and better every day.
I am honored and humbled by your willingness to share with me all your successes and all your failures....
I cannot tell you how proud I am of who you have become and how much I am looking forward to all the great things you are going to do. I am going to look at all your success and I will proudly say you were my students and my colleagues.

Asst Prof Mihaiela Stuparu, CBC
Students' Messages

Back in 2018, I went into SPMS uncertain of many things and not really expecting much. But after 4 years of roller coaster rides, coming across so many wonderful human beings (they know who they are) - I’m leaving as a different man, for the better of course. Alongside some friendships that will last till kingdom come.

Dervin Rochi, PAP

A big thank you to my closest friends, Liyana, Petrina, Dannica, Justin and Isaac! All of you were the best thing to happen in orientation and I would not have had such a fun and stress-free journey without you! Looking forward to creating more laughing-crying memories but as working adults.

Veronica Pereira, CBC

To my goofy yet ever-loving friends, Jia Yi, Soe, Si Yan, and Gerald: I will never forgive you for putting me in the middle seat.

Siti Nur Amalini Binte Mansor, PAP
Students' Messages

I want to thank those who have stood by me through thick and thin and also even those who walked into my life for a brief moment because all these are what made my undergraduate life as colourful and wonderful as it can be. Hope everyone will be able to find a place in this world that they feel a part of and all the best for your future endeavours!

Soe Gon Yee Thant, PAP

"I would like to dedicate this shout out to my sweetest peers Javier and Lucas for cruising through the thick and thin together!"

Lim Jing Ying, CBC
