MESSAGE FROM THE CHAIR

Congratulations, Class of 2023!

You have reached an important milestone in your life. You have achieved this by your hard work and with the supports from your family, your friends and your professors.

I wish you much success in your future career!

While you have graduated, SPMS remains a home where you can come back to. Please take part in our alumni activities. You will always be a part of the SPMS family. We hope to see you back in SPMS soon.

Phan Anh Tuan
Professor and Chair
School of Physical and Mathematical Sciences

SPMS Outstanding Undergraduate Award 2023

SPMS Outstanding Undergraduate Award 2023 (Overall Winner) LIONEL LIM RUI QI

- COS Challenge 2021 Chairperson
- SPMS Club AY21/22 Vice President (External Liaison)

As SPMS Vice-President, he really went above and beyond to serve the SPMS community, such as fighting for students' welfare and ensuring inclusions among students. Furthermore, his impartial character allows him to make difficult yet morally correct choices. He also gives back to the community by actively joining in voluntary work.

- Khoo Hong Shan Freddy

SPMS Outstanding Undergraduate Award 2023 (Outstanding Service) QIU KAIWEI

- SPMS Club AY19/20 Social Subcomm
- SPMS Club AY21/22 House Director
- COS Challenge 2023 Vice-Chairperson

As someone who has known Kai Wei from the moment I entered SPMS, I have seen the amount of hard work and effort he puts into contributing to the school. When he stepped up as the first house director of SPMS, although apprehensive about what may come, he never once let the fear of the unknown stop him from doing his best and fighting for the welfare of incoming students. As a friend and senior, he is also someone I can go to for advice be it academically or for personal life as he is always ready to offer help. He is someone I look up to and sincerely thinks deserves this award. - Chloe Soh Sze Yee

SPMS Outstanding Undergraduate Award 2023 (Outstanding Achievement) DO XUAN LONG

- Publications at top-tier AI NLP conferences: ACL 2022, EMNLP 2022, COLING 2022
- 2nd Place at Student Cluster Competition at the ISC High Performance 2021
- 2nd Prize in International Mathematics Competition for University Students 2020

Do Xuan Long is a highly diligent and dedicated student, not only in his academics, but also in his career and research. He has a strong passion for academia and has been doing his utmost in pursuing this passion of his. He has participated in a lot of research studies and his work has been recognised. In addition to his numerous achievements in academia and competitions, he has maintained a high CGPA throughout the semesters despite his very busy extra-curricular schedule. Furthermore, he is still willing to help his peers with their studies.. - Yee Wan Jing Adeline
